Postharvest News and Information

Volume 9, 1998 **ISSN: 0957- 7505**

Published bi-monthly

Postharvest News and Information is a news, reviews, commentary and abstract journal designed to keep its international readership up to date with important developments in postharvest research and technology

Editor

A. J. Rendell-Dunn BSc MIHort

CAB INTERNATIONAL, Wallingford, Oxon OX10 8DE, UK.
Tel: +44 (0) 1491 832111 Fax: +44 (0) 1491 826090
E Mail: a.rendell-dunn@cabi.org Telex 847964 (COMAGG G)

Editorial Advisory Board

Professor A.A. Kader
Department of Pomology
University of California, Davis, USA

Dr C. Knight
Campden & Chorleywood Food
Research Association, Chipping
Campden, UK

Professor R. E. Paull
Department of Plant Molecular
Physiology,
University of Hawaii at Manoa, USA

Dr V. Wright de Malo
Department of Entomology
Kansas State University,
Manhattan, USA

There is a strong emphasis on an integrated approach communicating important new advances in postharvest research

Topics covered include:

- Storage
- Drying
- Grading
- Pest Management
- Contamination And Mycotoxins
- Processing And Extraction
- Handling, Packing And Transportation
- Social Policy And Legislation

The **bibliographic content** of *Postharvest News and Information* is derived from CAB ABSTRACTS - the world's leading bibliographic database covering agricultural science in its broadest sense - and is also available on diskette

SUBJECT INDEX

Abrasion, watermelons 914
Absidia corymbifera, postharvest decay, quinces 2173
Acanthophoenix rubra, browning 718
Acanthoscelides obtectus
biology 2086, 2742
botanical insecticides 208
genetic variation 1544
plant extracts 1526, 1541, 1546, 1574, 2062-2063
stored products pests
chickpeas 1544
cowpeas 1106
Phaseolus 1546, 2742
Phaseolus vulgaris 208, 1097, 1526, 1541, 1544, 1574, 1591, 2063, 2118
Acaricides
control, stored products pests 652, 2674
residues
foods 329
plums 2911
resistance, *Cheyletus eruditus* 203
Acetyldeoxynivalenols, contamination, barley 336, 757
Achroia grisella, mating behaviour 201
Acoustic properties
apples 67
avocados 2495
fruits 75, 2496
kiwifruits 518
melons 1891
peaches 1890
vegetables 75
watermelons 82
Acremonium luzulae, control, storage decay, fruits 1634
Acremonium rutilum, storage decay, peaches 1617
Acremonium tubakii, storage decay, peaches 1617
Acrothecium carotae, storage decay, carrots 692
Actinidia arguta
metabolism, oxalates 2584
storage
biochemistry 2584
temperature 2608
Actinidia arguta* × *Actinidia melanandra
colour 572
storage
metabolism 572
temperature 2608
Actinidia chinensis
ripening, physiology 2237
storage, physiology 2237
Actinidia rufa
metabolism, oxalates 2584
storage, biochemistry 2584
Aerodynamic properties, cottonseed 2950
Aeromonas hydrophila
contamination, vegetables 1761
postharvest decay, roses 1173, 2194
Aflatoxins
contamination
almonds 367
arecanuts 1224
Buchanania lanzan 2917

LIST OF SERIALS ABSTRACTED

Listed below are the titles of the serial publications (excluding most annual reports and conference proceedings) abstracted during 1998 for this journal.
Many other serials were scanned during 1998 but no relevant articles were selected. A full list of all the serials scanned for items suitable for abstracting for the CAB ABSTRACTS database and the whole range of CABI's abstract journals is given in the *CAB International Serials Checklist, 1995 edition.* The publication includes ISSNs and publishers' addresses.

Notes For Authors

Postharvest News and Information is a news, reviews, commentary and abstract journal designed to keep its international readership up to date with important developments in postharvest research and technology. The journal occupies a niche between primary research journals and conventional review journals and is not normally a vehicle for the publication of original research data or methods.

There is a strong emphasis on an integrated approach communicating important new advances in postharvest research. Topics covered include: storage; drying; stored product research; pest management; contamination and mycotoxins; processing and extraction; handling, packing and transportation; social policy and legislation.

Reviews are normally commissioned, but the Editor welcomes the submission of outlines from prospective authors.

Content. Reviews are normally 2000-4000 words. Reviews fall into three categories:

(1) covering a narrow subject scope, and written mainly for the benefit of workers carrying out research on the topic;

(2) covering a wider subject field, and written to be understood by well-informed biologists and agriculturalists who are not themselves experts in the field under review;

(3) covering general aspects and implications of the topic, and addressed to both non-scientists and specialists.

Style. Authors are encouraged to make their papers as lively and stimulating as they can, and exhaustive citing of references is not necessary beyond the need to attribute important findings to their source or where statements of others are quoted or paraphrased. In reviews of types 2 and 3 above, explanations of terms and concepts likely to be unfamiliar to readers are appropriate.

Text. Papers should be typed with double line spacing and ample margins. Draft quality print from a word-processor is not acceptable. Standard abbreviations (e.g. Fig. and Figs) and metric units must by used. Use British rather than American spellings. Use 'z' rather than 's' spellings in words with 'ize'.

Disk. Please submit a 3 1/2" computer disk containing the manuscript. Please: (1) label the disk clearly with author's name, title of journal and short title of the article; (2) specify the word processing software (including version) used (e.g. WordPerfect 6.0); (3) specify the computer used; (4) include both the original file and an ASCII file on the disk; (5) keep a backup disk for reference and safety.

Email. Manuscripts without artwork may be submitted in ASCII format by email. Please indicate any special characters that may be mistranslated during transmission.

Abstract. Each paper needs an informative abstract describing the contents of the review, and summarizing any conclusions, in one paragraph of 250 words or less. The abstract should be complete in itself and intelligible without reference to text or figures. The abstract will be made available electronically though the CAB ABSTRACTS database.

Headings. Four hierarchical levels of headings are permissible. Please mark levels <1>, <2>, <3>, <4>.

Tables. Reduce to the simplest form with only essential data, and place at the end of the article.

Illustrations. Please send originals, with captions typed on a separate sheet. Please inform us if you wish to have any material returned.

Line drawings should be sharp and clear, black ink on white paper to about 1.5 times the intended final size. The lettering and lines should be of sufficient thickness and quality to stand reduction. Computer-generated figures and graphs should not contain grey tints or complicated hatching.

Black and white half-tone photographs should be prints of good quality at the intended final size, with any required lettering inserted by the author.

References. These are based on the name and year system, using full journal titles in the following styles:

> **MacDougall, A. J.; Parker, R.; Selvendran, R. R.** (1995) The use of nonaqueous fractionation to assess the basic composition of the apoplast during ripening. Plant Physiology **108**, 1679-1689
>
> **Bewley, J. D. and Black, M.** (1994, *Seeds: physiology of development and germination* (2nd Edition) New York, USA; Plenum Press
>
> **Bigler, F.** (1994) Quality control in *Trichogramma* production. In: Wajnberg, E.; Hassan, S. A. (eds) biological control with egg parasitoids. Wallingford, UK; CAB INTERNATIONAL, pp. 93-111

Citation of authors in the text should appear in the form: Polaszek (1996) or (Polaszek, 1996). Multiple citations should be in chronological order: (Roberts and Kumar, 1994; Blackman *et al.*, 1995)

Please check that all authors cited in the text appear in the reference list, as omissions frequently delay publication. Also please ensure multiple citations of a publication in a reference list are consistent.

Offprints. 25 copies of each paper are provided free to the author (or major author) of each paper. Additional copies may be purchased. The number required must be specified and ordered on acceptance, when prices will be quoted.

Copyright. We will supply a copyright form which must be completed and returned. Papers are accepted on the understanding that the work has been submitted exclusively to the journal and has not been previously published elsewhere unless otherwise stated.

Manuscripts. One copy of the manuscript and artwork and a computer disk should be submitted to:

CAB INTERNATIONAL PUBLISHING

CAB INTERNATIONAL (CABI) is a not-for-profit organization in the areas of agriculture, forestry, the management of natural resources and related sciences including human nutrition and health. An active Publishing Programme, under CABI's Publishing Division, markets and publishes worldwide a range of printed and electronic products within these subject areas.

The products are mainly outputs from CABI's main databases, CAB ABSTRACTS and CAB HEALTH, which contain over 3 million bibliographic records of the world's scientific and technical literature published since 1973.

CAB ABSTRACTS is the world's leading bibliographic database covering all aspects of agriculture, forestry, veterinary science, soil and water science, as well as leisure, recreation and tourism and human nutrition.

CAB HEALTH covers parasitic, tropical and communicable diseases of man (including HIV/AIDS), community and public health, human nutrition, and medicinal and poisonous plants.

FROM THE DATABASES:

CAB ACCESS
Provides fast, weekly access to the key literature in agriculture and bioscience.

ABSTRACT JOURNALS
Printed journals covering broad disciplines as well as specialist interests. Some journals also contain news and other information including review articles. Also available on floppy disk.

CD-ROM
CAB ABSTRACTS on compact disc, the CABCD, available back to 1973.

CAB HEALTH - Available back to 1973.

CAB SPECTRUM - Subject-specific discs containing at least 25 years of information on each of the major broad disciplines.

CAB COLLECTION - Narrower subject discs containing nearly 25 years of information in a unique, searchable, bibliographic archive.

MAGNETIC TAPES
Organizations with access to mini or mainframe computers may lease all or part of the CAB ABSTRACTS database.

ANNOTATED BIBLIOGRAPHIES
Printed compilations on specific topics.

SEARCH SERVICE
Question and Answer and Literature Search services are available.

ALSO:

PRIMARY JOURNALS
Bulletin of Entomological Research, Seed Science Research, Journal of Helminthology, Soil Use and Management, British Journal of Nutrition, Proceedings of The Nutrition Society, Nutrition Research Reviews and Public Health Nutrition.

NEWSLETTERS
Authoritative, accurate and up-to-date synopses of current topics reflected in the international media as well as the technical, scientific and medical press.

SERIAL PUBLICATIONS
Index of Current Research on Pigs, Distribution Maps of Plant Pests, Distribution Maps of Plant Diseases, Bibliography of Systematic Mycology, Descriptions of Fungi & Bacteria and Index of Fungi.

BOOKS
CABI has an active book publishing programme and publishes over 60 new titles every year, some of which are available in electronic form. Please contact the Commissioning Editor.

COMPENDIA
CD-ROM titles providing simple, instant access to detailed, illustrated data in the Crop Protection and Forestry areas with links to bibliographic databases, diagnostic keys and information on the Internet.

SCIENTIFIC SOFTWARE AND REFERENCE TOOLS
Interactive Taxonomic Identification Keys and authority titles to arthropods, fungi and nematodes.

CABWebs
WWW sites allowing access to CABI Abstract Journals. In addition, the CABWebs give access to other useful information in relevant subject areas. The CABWebs available are PEST CABWeb - for crop protection, TREE CABWeb - for forestry and VET CABWeb - for veterinary science and animal health information.

CABI on the WWW
You can find out more about CABI publications and services at http://www.cabi.org
